

University of Hyderabad
Office of the Chief Warden

No. UH/CWO/2023/1009

Date: 19 August 2023

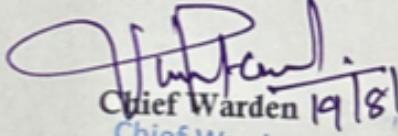

CIRCULAR

Consequent to the receipt of a series of complaints from the newly enrolled boarders and their parents against the attacks of dogs, specifically in LH-I, after the approval of the Competent Authority, an official team consisting of the Dy Chief Warden, Dy DSW, Security Officer with security staff, Students' Union President, and Students' Union General Secretary visited the LH-I on 17 August 2023 as directed. Few harboured dogs were found inside a specific corridor of the hostel. These ferocious dogs were driven out.

In continuation to the Advisory vide No. UH/CWO/2022/1020, dated 01/12/2022 issued by the undersigned, it is reiterated that many boarders are often chased by the harboured dogs inside the hostels, which is a potential threat to human life. Further, the presence of dogs inside the hostels raises serious concerns for the health and hygiene of the boarders. Further, it is brought to the notice that despite various advisories, a few boarders still harbour dogs inside the hostels by feeding and giving shelter inside the hostels.

In view of the above circumstance, all the boarders of the hostels are advised to be vigilant and refrain from harbouring dogs or any other animals inside the hostels by any means. If complaints are received against any boarders harbouring dogs or any other animals inside the hostel by any means, the same shall be viewed seriously and disciplinary actions shall be initiated against them as deemed fit without further notice.

This issues with the approval of the Competent Authority.

Chief Warden 19/8/23
